

## MSA HELMETS

### 1. V-Gard® 500 Vented Protective Caps

Get renowned protection with these protective caps, which are part of the family of best-selling helmets and accessories. V-Gard® 500 Protective Caps feature a robust design, durable shell construction and cooling vents for increased breathability. A rain trough extends around the brim making it ideal for hot and/or wet environments.

#### **Features & Benefits:**

- Robust design, durable shell construction
- Cooling vents for improved air circulation and comfort
- Glaregard® Surface under brim to reduce reflective glare
- Lateral contours for easy integration of hearing protection
- Extended rain trough for around-around-the-brim protection in hot and/or wet environments
- Available in a variety of color
- Custom imprinting and striping options

#### **Approvals & Certifications:**

- ANSI/ISEA Z89.1-2009 (Class C, Type I)
- AS/NZS

### 2. V-Gard® Protective Cap

#### **Product Description:**

These V-Gard® Protective Caps are part of the same family of products and accessories which are the best-selling helmets and accessories. Polyethylene shell and self-adjusting crown straps provide comfortable, lightweight protection. Available in slotted (to work with MSA accessories). Three size options make these the ideal protectors for the entire work crew.

#### **Features & Benefits:**

- Polyethylene shell provides superior impact protection
- Self-adjusting crown straps ensure a comfortable fit
- Slotted design works with MSA accessories
- Available in a variety of colors and sizes
- Custom imprinting and striping options

#### **Approvals & Certifications:**

ANSI/ISEA Z89.1-2009 (Class E, Type I) CSA Z94.1-2005 (Class E, Type I) Small and Large V Gard Caps are NOT CSA-certified. Standard size V-Gard® Caps and Hats are CSA-certified only when assembled with MSA Fas-Trac® or 1-Touch® Suspension.
